OBJECTIVE

Senior Android Developer with a proven track record in building and leading high-performing teams to deliver innovative mobile applications. Aspiring to secure a demanding role that aligns with my technical proficiency and leadership abilities, where I can contribute significantly to the organization's achievements.

WORK EXPERIENCE

Lead, Senior Software Engineer, Neo Financial - April/2020 - Present - Calgary, AB

- Leading a team of mobile developers, providing technical guidance and solutions for mobile development challenges.
- Utilizing Kotlin, Coroutines, Jetpack Compose, and GraphQL for the development of Neo Financial's Android application.

Senior Android Developer, Invillia - August/2018 - March/2020 - Brazil

- Developed and maintained the accounts management feature of the PagBank's Android app.
- Utilized Java and Kotlin for Android development, Rest API using Retrofit, and SQLite for database management.

Manager / Android Developer, BEBLUE - September/2016 - July/2018 - Brazil

- Played a key role in the growth of the engineering team from 4 members to a team of 80+ engineers.
- Successfully increased the Google Play rating from 3.6 to 4.8, resulting in over 2 million downloads.
- Led the Mobile Wallet team and subsequently transitioned to manage the Customer Experience team.
- Developed Android applications using Java and Kotlin, REST API, Retrofit, and SQLite.

Mobile System Analyst, Monitora - *September/2015 - September/2016* - Brazil

- Managed a team of six developers to create an Android app exclusively for VistaJet. The app aids crew members with tasks like check-in, flight planning, and catering.
- Developed an aircraft maintenance app for LATAM.
- Collaborated with an iOS team to lead and oversee the customer application project.

Mobile Software Analyst, Next Learning - *July/2013 - September/2015* - Brazil

- Developed the embedded app for educational tablets, enabling students to take notes and interact with the smart whiteboard.
- Built Android apps for the tablets using Java and C++.

EDUCATION

2018 Post graduation in Project Management, SENAC São Paulo

2013 B.Sc. in Computer Science, Universidade Estadual Paulista - UNESP
